# Meeting Minutes

## Board Meeting Minutes:

7 pm: Membership meeting called to order. Russ Luke present.  
Roll Call: Present: Scott Treichel, Mark Jacobson, Thad Bembenista, Larry Mennetti, and Steve Rechner.  
Absent: Doug Bacon, Cameron Meyer  
Excused: Julie Wiley

Mike Daly resigned from the KCCL board.  
Vote taken and Russ Luke was appointed to the vacant post and vote was unanimous.  
Russ is the chairman of the building and grounds committee and is involved in some of the upgrades around the club.

Tim Wiley then delivered the Presidents report first as he had an appointment.  
In Tim’s report, he discussed the following:  
1. Field two (2) both houses are nearing completion on the upgrades. He hopes that these building upgrades will warrant sponsorship to pay for the work done. He further pointed out that he hopes that once we receive sponsorship for that field that we can upgrade all the other houses, in the same manner.  
2. The garage nearest the entrance will be refitted with a more energy efficient light, and that the cost savings in energy will pay for the upgrade in the near future.  
3. He noted that Mike Novy and Wayne Hanschue have cleared the areas around the corner blind spots and installed mirrors for our safety.  
4. Finally, Tim has started considering installing radiant heat in the pistol range. We discussed electrical versus propane as a heat source. Initially, the thought was to construct a range officers

shack and heat it only, but it would add a safety measure if we used radiant heat throughout the pistol range. Again, we are merely in the planning stage on this issue.  
5. Finally, we discussed the financial position of the club. Bank balances were discussed.

At this point, Tim Wiley left our meeting, again to attend an appointment.

## MUCC

Pat discussed a myriad of topics.  
• Foremost she discussed feral swine disease and its issues.  
• She then brought us around to the topic of chronic wasting disease among the deer population, and that every deer harvested should be checked by a Michigan Wildlife Officer.  
• She reminded us that there used to be nature trails on our property, and that along the trail trees were identified  
• She also discussed the invasive species of Asian carp which can be viewed at [www.michigan.gov/asiancarp](http://www.michigan.gov/asiancarp), as well as two types of invasive crayfish.  
After she left we discussed the need for a knock box near the front gate in case of a fire of alarm at the clubhouse. Metal bars need to be installed over the president’s office windows, some of the other windows still need to be replaced, more security cameras need to be installed, and that Russ needs to get with Red Shepard about cutting down some dead Ash trees along the driveway as their falling is imminent.

Meeting adjourned 9 pm.
