## From the Manager....

At long last we are back open. It has been great to see everyone back out at the range making noise. I would like to thank everyone for their patience and understanding during the shutdown. We ask that everyone continues to abide by the procedures we have in place to keep our members and staff safe. We hope to be able to ease some of the restrictions soon to allow members to bring guests out, and to be able to open the clubhouse as well. We will continue to keep you updated as the situation changes.

Over the course of June, we will finish the 2020 Winter League. It's probably the first-time Winter League lines will be shot in 90-degree weather. We are still looking at options to host a Winter League Banquet. We will send out an email with more information when we have decided the best path to do so.

Please do not hesitate to reach out to me if you have any questions or concerns about coming out to utilize the club's facilities.

Thank You,  
James VanderLaan

Own it? Respect it. Secure it. Putting these words into action is a simple and powerful way to help prevent firearm accidents and unauthorized access to firearms. That's why we are proud to be part of the *Own It? Respect It. Secure It.* (ORS) Initiative® and committed to spreading this message every way we can to the KCCL community and beyond. Without question, safety should always be top of mind when handling firearms. Safety when firearms are not in use is just as important. In fact, we want the safe storage of firearms when not in use to become second nature, like keeping medicine in child-resistant containers.

The more we repeat this message, the more firearms owners will be reminded to take important, yet simple steps to securely store their firearms when not in use.

We encourage you to share this message with your friends and family. And for more information on the ORS Initiative, please visit [www.nssf.org/ORS](http://www.nssf.org/ORS).
